CANDIDATES

A. A. **MEADE**, the democratic nominee for the office of sheriff, is a man with whom every voter in Kittitas county is familiar. His long residence in the county, extending over a period of nineteen years, and his occupation, that of a farmer and stock raiser, should not be overlooked when considering his strength with a large class of voters... There you have it, Mr. **MEADE** is honest and capable ... the days when Kittitas county formed ??? part of the county of Yakima, Mr. **MEADE** was a member of the board of county commissioners, which position he filled with honor to himself and satisfaction to his constituency...

Evan J. **MATHEWS** is the candidate for county clerk. He is one of the old time residents of Roslyn, and while we have never met him personally ... the fact that his neighbors and fellow townsmen, regardless of party lines, are mutual in their support of him...

The candidate for county attorney, C. V. **WARNER**, is a young man of ??? more than ordinary ability and is generally considered one of our ??? young men. In manner and demeanor he is quiet, unassuming, ??? and pleasant... He is a graduate of the Iowa State University... Mr. **WARNER**, while not wealthy, is a taxpayer, a man of family and thoroughly identified with the county's interest... Martin J. **MALONEY**, the candidate for auditor, is a self-made man in every respect, and after having been pushed up against the rough side for a period of years in his younger days, has come to the front with such a crowning coronet of success that we believe a short sketch of his remarkable career will prove of much interest to our readers. Born in Lafayette county, Missouri, in 1860, at the age of five, with five brothers and sisters, he was left an orphan. Friends of their parents took immediate charge of the destitute little ones. This kindly feeling of friends, however, soon became dampened, and young Martin, not being well-treated, bid adieu to his former friends and being imbued with an indomitable spirit, set bravely out to battle on the sea of life, alone and unaided, at the age of nine. After laboring five years, young **MALONEY** was enabled to count \$72 as his own, and with a portion of it purchased a ticket to California, whither he went and engaged at day labor as a swamper, farmer hand and dairyman. After battling a long time on the temptuous waste of misfortune, he headed for Northern California and halted at San Francisco, where he did whatever his hands could find to do, until the next spring, when he again went *article at this point is too dark to read at bottom of page*

For county surveyor, A. P. **YORK** is the choice of the democratic party, and his past record as an officer in this capacity speaks louder, longer and ??? than all ??? that could be said or done for him. Practically has no opposition and will certainly be elected with the rest of the ticket.

Big honest John **FOSTER** is the man whom the democrats have put forward to fill the responsible position of assessor.... He was brought up a farmer and is therefore a good judge of farm values...

The county commissioner from the Third District, Martin **MITCHELL**, has been named. Mr. **MITCHELL** is a prosperous farmer, a man of good business ability... A man who has by his own industry and economy, has honestly arisen to a position of wealth and affluence, is always a safe man to entrust with the business of a community.
